Introduction

SchnitZeLcoin

When you own SchnitZeLcoins , you can pay with them in Restaurant Kartoffel in Utrecht (Netherlands) 1 SZL = 1 Euro in the Restaurant. Find a nice discount and buy your \$SZL cheap on a DEX (decentralized exchange) or buy them with cash in at the restaurant with a 10% discount.

Tokenomics

The maximum total of the coin is a hardcap of 100.000 coins. To protect \$SZL against hackers and people with malicious intentions we created a treasury with 51 % of the coins. Divided in 11 treasure hardwallets (Ledger)

51 % Treasury

5% will be in liquidity on Uniswap (DeX)

5% will be in liquidity on Sushiswap (DeX)

10% reserved for CEX exchange

4 % the owner will hold

5% for advertising and development

5% for audits and security .

5% in the wallet of the Restaurant

10% in multiple wallets created for customers.

Sold per wallet on restaurant website or in restaurant.

How to get SchnitZeLcoins

Jan 1st, 2025 by European law : Markets in Crypto Assets Regulation (MiCAR) in effect. Together with De Wet ter voorkoming van witwassen en financieren van terrorisme (Wwft) this means that without proof of identification (KYC) you cannot buy a giftcard (with SZL on it) value more than 50 euro online and max 150 in the restaurant
